****Attention 6th Grade Parents & Students! --- Last 2 years were a success!***
So, we are again offering an after school Beginning Band for the 6th graders that attend OVE, POE, DOE, and AES. This class is for the students who will be attending Oakleaf Jr High next year. This is an opportunity for any 6th grader to get a head start on learning a band instrument & reading music; and we are preparing these same students for our band program when they come over.

→As you know, we are adjusting to a 'new normal' due to COVID19. So, there will be a required county form that must be signed for your child to attend this after school band class.

Here is what we need from the families interested:

****STEP 1: This Friday, August 21st from 9am-3pm-*** Come by the Oakleaf Jr High School BAND ROOM and pick up the info packet. This packet will have the details for being a part of the band program (general info, calendar, fees, etc) and the official student COVID19 waiver. This will give you time to look over the info packet this weekend and then decide whether or not to proceed with the next STEPS. (wear a mask)

****STEP 2: Monday, August 24th from 9am-3pm ---OR--- on Tuesday, August 25th from 4:00-4:30pm-*** INSTRUMENT FITTING 😊 Your student will be evaluated and fitted for the best instrument for them that they like. Turn in: your signed COVID19 waiver & band info form. Parents- please wait in your vehicle during the instrument fitting session. Thank you. (wear a mask)

****STEP 3: Once the student has been fitted, they will be required to attend the class every Monday & Tuesday from 4:00-5pm. No class when there is a school holiday. Concert rehearsals and performances are also required. These dates will be given out in the 'info pack' handed out on Friday, August 21st.***

****We look forward to meeting you & teaching your kid; and please contact us (via Facebook or Website-link above) if you have questions. Sincerely, Mr. Summers & Mr. Dunn***
